ARC

THE SEATING COLLECTION

a line of refined chairs thanks to their design and production methods, suitable for decorating waiting rooms, restaurants, and chill-out areas in hotels and resorts that are particularly attentive to style and innovation.

Leather, as a natural element, allows to combine comfort and strength, creating a play of light and shadows able to extend its appeal to the surrounding environment.

NENE

The Nene collection is based on concepts of efficiency and practicality. The simple shapes of the classic chair led to a new collection characterized by a fresh and contemporary design thought for both residential and commercial use, and suitable either indoors and outdoors.

Chairs are available with a closed or open backrest, upholstered or in plastic, with or without armrests, and removable cover. The plastic versions meet regulatory requirements for use in public places, are stackable and treated to resist UV rays.

Showtime

Coffee Table

The Showtime veneer is a combination of rattan strips and coco twigs inlaid side by side, then covered with resin. Repeated sanding and more resin give this material a lustrous finish that is unusual and much coveted.
