Cosulich Interiors in collaboration with Matlight Studio: this pendant, part of the Alabaster Moon Collection entirely hand made in Italy, emphasizes the properties of alabaster as a diffuser, with its warm color and texture of its amber veins that are always different from each other, producing a unique piece every time and recalling the magic atmosphere of full moon nights. The brass disk completes the shape, enhancing and reflecting the light emitted by the sphere (6.3 in. in Diameter). Height can be shortened. Fitted with 1 candelabra socket.

This same design is also available as a wall light and two options for table lamps. Customizations available for finishes and stones.
