

WALLCOVERING PRODUCT INFORMATION SHEET

MAZE

INSPIRATION

Maze. A crisp, yet organic textural design, highlighting the sleek crossing of organic linework, juxtaposed to a fine Lino textural background. **Maze** provides a bold and dramatic wall treatment, when splashed with light, for a dramatically unique wall surface.

The crossings of lines, gridwork imagery and modular design elements are a recurring theme in architectural features. The symmetry and crossings of lines, integrating lustre and texture create an organic yet intriguing creative inspirational point. Gridwork patterns and design elements are prevalent in nature, architecture; fashion, and interior finishes and accessories. Accordingly, the inspiration for the creation of our wallsurfaces design, **Maze**.

Maze provides texture, color, dimension, and depth to adorn walls across myriad market segments in hospitality, workplace environments, retail, healthcare facilities, and public space settings.

The **Maze** color palette encompasses 17 colorways, spanning naturals, neutrals, mid-tone hues, and colorful accents. Type II / 21 oz / Class A / Non-Woven eco backing.

TALKING POINTS

- Type II Vinyl / 21 oz.
- Backing made from recycled materials 10% Post Consumer Recycled Content
- Sophisticated and striking color story
- Class A / Meets Canada CAN/ULC-S-102M
- Contributes to LEED® Points.
- Low VOC's / Water based ink systems
- Passes California 01350 for Indoor Air Quality Standard
- Environmentally sound, performance driven and aesthetically pleasing.

HOW TO PRESENT

When presenting **Maze**, we want you to present both of the large portfolio selected colors and use this as a base to present the colorations of **Maze**, highlighting the design nuances outlined in the Talking Points and Color Story. The provided Waterfall selection of WallSurfaces, companioned with your choice of upholstery memos, should be laid out on top of the portfolio pages to enhance the design and color compatibility and reinforce the product offerings of both WallSurfaces and Fabrics. Our Talavera upholstery pattern provided a color point of reference in creating the color story for **Maze**.

COLOR STORY

Maze is offered in seventeen colorations; a range of Whites, Off-Whites, Neutrals, Greys, Taupes, Blue, and Pewter juxtaposed with bold, deep and rich accent colors such as Molten Copper, Baltic, Midnight Blue, and Garnet.

ENVIRONMENT

- Low VOC's / Printed with water-based inks.
- Class A / Meets Canada CAN/ULC-S-102M
- California 01350 Indoor Air Quality – Low VOC-emitting vinyl wallcoverings meets California Department of Health Services Section 01350 requirements for office and school interiors. (LEED® IEQ 4.6)
- Stain and Mildew Resistant - Best rating (0) as tested in accordance with G.S.A. Federal Specification CCC-W-408 A/C/D.
- Antimicrobial – All Arc-Com vinyl wallcoverings contain bactericide and mildew inhibitors to discourage the growth of mold and mildew under normal conditions.
- **LEED® Points:** 10% Post-Consumer Recycled Content contributes to LEED® points (LEED® MR 4). Can contribute to LEED® IEQ 4.1 for low-emitting materials, adhesives, and sealants, if used with low VOC adhesives.
- Backing made from rapidly renewable materials and wood pulp sourced from managed forests. (LEED® MR 6.7)
- Free of Cadmium, Mercury and ozone-depleting chemicals.

- Meets Type II for: Washable/Scrubbable and Strippable.

PATTERN INFO

A companion series of a striking, bold feature design, paired with a subtle, minimalistic complementing texture.

Material: Type II Vinyl
Weight: 21 ounce per linear yard
Width: 52"/54"
Repeat/Match: Random Match / Reverse Hang
Backing: Recycled Non Woven
ACW#s: 53601 - 53617
of Skus: 17

Special Notes: **Metallics:** The environmental lighting of your installation may create a subtle gradation of color due to the light reflective quality of this design utilizing pearlescent and metallic inks.

Natural Materials: The subtle variations exhibited in designs that are replications of natural materials are a natural inherent characteristic and expected beauty of these designs. The natural and crossed design characteristics may create an obvious join at the seam.

Warranty: 5 year limited warranty on manufacturing defects.

Packaging: 30 yard bolts

Pricing: **US:** \$18.95 **CAN:** \$20.95

Cut Charge: \$3.00 cost per linear yard (less than 30 yds).
No cut charge over 30 yards.

SAMPLE PROGRAM / ROOM PHOTO

A sales set of preview 8"x10" memos of each color of **Maze** are provided with the launch package, along with two 16"x18" Portfolio color pages for your presentation. The newly revised sample card format, shown with an enlarged, stunning, wrap-around room set photo will be provided when available to your clients. Memo samples are available as of the launch at Thoroughbred. We anticipate sample cards to begin shipping to your clients in late September, per your sample requests.
