Cosulich Interiors in collaboration with Matlight Studio: this contemporary modern wall light, entirely handcrafted in Italy, is part of a collection called Essential Stick, the core is here decorated with Brown Emperador marble highlighted by a narrow satin brass band enclosing the light source that amplifies the illumination by reflections on the wall. The marble, a purely decorative element, embellishes the structure of the product with a note of precious color and solidity. The ingenious and functional organic design, that can be mounted vertical or horizontal, combines the minimalism of thin profiles with the versatility of customizations in stone and finish and the modernity of powerful LED technology, offering a warm and diffused light. Can be accompanied by a chandelier or pendant of similar design. Customizations available for finishes and stones.
