Italian three-drawer customizable commode, entirely handmade, exclusive modern Art Deco design by Cosulich Interiors, showing high quality and elegance of execution: the surround in black opaline glass is decorated with a geometric architectural abstract pattern, the front is highlighted with ivory white glass and gold inserts that are in brass and wrap the piece in a continuous design, while all the edges of the drawer interiors are finished in gold mirror. The cubic handles are entirely handmade in wood, edged with brass and sides covered in stylish gold mirror. The drawers are equipped with a modern soft closure system. The legs are hand cast in brass with matching geometric shape and extraordinarily edged in copper gold mirror. Well suited piece for a bedroom or an entrance.
