

# BENDHEIM

## Back-Painted Glass Backsplashes

Bendheim's durable back-painted glass is ideal for custom kitchen backsplashes. It features Bendheim's industry-leading, third-party-tested, baked-in, UV-resistant HardShell® paint formulations in virtually unlimited custom colors, as well as ultra-brilliant white. The glass is available in a range of surface options, including low-iron textures and anti-glare SatinTech™ etched finishes. The non-porous glass surface is naturally hygienic and easy to maintain.

### Order Minimum:

Bendheim has a \$2,500 order minimum. For smaller quantities, please visit [www.bendheimcabinetglass.com](http://www.bendheimcabinetglass.com).

### Approx. Dimensions:

Glass is cut to size, not to exceed roughly 60"W x 120"H.

The glass is delivered fully fabricated to the specified size and safety requirements. Maximum glass size may vary depending on the selected design and safety options. Please inquire.

### Composition:

Glass and specialty isocyanate-free color coatings (a VOC-free product)

### Safety Options:

Annealed (Non-Safety), Laminated, Tempered

### Options and Customization:

- Unlimited custom color options, including metallics
- Light-diffusing etched and textured surface options available
